

Bromham Neighbourhood Plan Steering Group (BNPSG)

Minutes of meeting No.5 held on

Monday 23rd January, 7:30pm, Social Centre Committee Room

Present

Peter Davey, Mark Dollimore, Tye Lohrenz, Rachel Prichard, John Schofield, Rik Smith, Andy Turner (Chair)

Unable to attend

Richard Butler, Catherine Read, Greg Wilkinson - apologies sent
Jim Butler, Adam Collins

Agenda

The meeting was called as a working session to identify and start to assess the possible development sites in and around Bromham

Points Arising

General discussions were held around:

- Where to place developments
- Should we have a larger vision than just squeezing in a few houses here & there?
- Scale of sites suggested in survey responses. Would we be better having many small sites or fewer larger sites?
- Defining a point which constitutes the centre of the village and considering distance / accessibility from potential sites to this.
- The poor response rate from the survey and the possibility of running some event at the carnival to get wider engagement with village residents

The primary conclusion of this was that we need a clearer view of what we are to achieve, from the parish council. Therefore it is essential at this stage to get clear and agreed terms of reference for the steering group.

Actions

John: Scan in the survey responses & make available to the group.

Andy: draft up a set of terms of reference – and send to Peter Padget for parish council approval

Next meeting

Time: to be announced once the terms of reference are agreed

Purpose: to assess the potential sites identified so far
