

Bromham Parish Neighbourhood Plan
....your villageyour sayyour plan

What buildings or features do you think help make Bromham distinctive?

We have listed buildings, such as Porch House, Nonsuch House, Moore monument in the Churchyard, the Lock up, High street, plus our Conservation Area that have protection. However, I am sure there are other interesting buildings, features such as signs, gates, post boxes or features with links to local history or important people that are particularly interesting and we would like to be preserved.

The list could go on but we need to have your ideas because we can use our Neighbourhood Plan can give these some protection in the future. What we can list is very open but there are also some national criteria that have to be met. The criteria are listed here:

Criterion	Explanation and examples
Rarity	This can include unusual assets such as cast-iron bridges and traditional signage or more common ones of unusual architectural style or materials.
Representativeness	May be representative of a particular architectural period, architect, movement, company or group of its time, for example Quaker, railway, Victorian and industrial.
Architectural interest	Of importance in its architectural design, decoration or craftsmanship; important examples of particular building types, materials and techniques (e.g. buildings displaying technological innovation) and significant plan forms.
Townscape/Landscape value	Key landmark buildings or structures and buildings that strongly contribute to a view or roofscape vista. Valued open spaces, (including designed landscapes, streets, squares, parks, gardens, amenity and green spaces), walls, fences, railings, street surfaces (including cobbles, setts and grass verges). Street furniture (including signposts, streetlights, benches, post boxes and telephone boxes).
Group value	Groupings of assets with a clear visual, design or historic relationship (including farmyards, terraces, group form and layout), contribution to street scene, roofscapes and perception.
Artistic interest	An asset with artistic interest exhibiting some degree of creative skill (including sculpture, painting, decoration, advertisements, memorials, gates, railings, door surrounds, finials and signage).
Historic association	Associated with an historical person or event of acknowledged note (including important local figures or events, for example landowner, commemorative event, charity, ecclesiastical or other community group and former resident). Highly unlikely this would apply to assets associated with a living person.
Archaeological interest	There may be evidence to suggest that a site is of significant archaeological interest.
Other? Extra?	There may be some completely new other, or additional, factor thought to be of significance.

If you want to suggest something, please complete and send back the form overleaf.

Complete and send one form for each separate suggestion.

Sending a photo or two would also help.

You will also find a copy of the form on our website <https://bromhamnpsg.org/>
